Hamptons party boy “Sir” Ivan Wilzig invited 1,000 guests to his 60th birthday party at the Nautilus Hotel in Miami Monday.

We hear the invitation features a lion sitting on Wilzig’s pink, yellow and blue stretch limo, covered in images of peace signs and flowers.

He’s ordered 1,000 bottles of Champagne, and the dress code’s “sexy cocktail.”

That means, a spy said, “There will be an endless parade of scantily clad guests who will be entertained by nearly nude girls painted as lions.”

The guest list includes “Real Housewife” Lisa Hochstein. There will also be, “two giant gold thrones ... with Ivan in one and female guests can sit in the other and audition to be his queen.”
